

Quality

Our goal is to exceed our clients' expectations

Wireless Solutions for Diverse Environments

Our first goal is to assess clients' wireless needs and execute a thorough site survey that will provide you with a top quality system. Our highly trained representatives continually monitor and maintain each installation to ensure ongoing success.

Using the latest technology, OMNI-WiFi™ optimizes its equipment for each location, enabling us to deliver the best wireless solution for your environment.

For additional information on OMNI-WiFi wireless equipment, email sales@OMNI-WiFi.com or call **800-610-6711**

*Connect with Reliability.
Communicate with Clarity.*

OMNI-WiFi custom engineers wireless equipment to deliver ideal solutions for:

- Residential Homes
- New Construction
- Parks and Campgrounds
- Hotels and Resorts
- Restaurants and Retail
- Manufacturing Facilities
- Campus Settings
- Nursing Homes and Medical Facilities

As specialists in providing wireless solutions for large spaces and remote locations -- both indoors and outdoors -- OMNI-WiFi guarantees the strongest, most reliable connections per dollar. OMNI-WiFi designs the latest technology to provide you with the best solution for your environment.

Key Benefits:

- Site surveys and engineering designs
- Reliable wireless signals ensured for difficult environments
- Excellent signal strength through all construction types - metal, brick, plaster, stucco or cinder block
- Connection of the largest number of wireless users at the longest range for the lowest cost per user
- Low-cost, straightforward installations
- Built-in authentication system
- Weather-tight, wind-resistant units
- Excellent speed and reliability
- 24/7 technical support

What Our Clients Tell Us...

- > *"You have a SILVER BULLET -- the best wireless access point that money can buy!"*
- > *"We installed just one Enhanced HouseSpot™ at our home, and I am amazed at its consistency in performance throughout the house, our pool area and surrounding property. It's a great product, and OMNI-WiFi stands behind it with excellent service and support."*
- > *"All OMNI-WiFi units are working perfectly at our hotel. Thank you for your expert support and advice! Your generosity in repairing our units at no charge was above 'first-class' service."*
- > *"We have had no complaints from our customers about the WiFi since we installed the OMNI-WiFi system. Our hotel is made of brick and cement and it has four floors. This is the first time we have had full WiFi coverage throughout the hotel!"*
- > *"Your equipment far surpasses my expectations for WiFi performance. All my residents think that it is amazing!"*
