

Achieve Highest Quality Streaming Video At Home

Want to upload *s-m-o-o-t-h* streaming video from anywhere inside or outside your home or office? Introducing the world's first wireless access points optimized for streaming video.* The OMNI-WiFi HouseSpot™, CondoSpot™, and HotelSpot™ access points can stream HD video flawlessly to most laptops at a distance of 800 to 1,000 feet.

- ✚ Tired of mediocre performance from your 'high-speed' wireless router?
- ✚ Tired of freeze-frame "streaming"?
- ✚ No more AP bandwidth issues; no more freeze-frame

OMNI-WiFi access points are ideal for use with these and other video products:

- ✚ HDTV and high-definition movies—especially fast-animated moves like the "Animatrix"
- ✚ Apple's ITouch, iPad and IPOD including games such as "Assassin's Creed II"
- ✚ High-Speed Video Games such as "Need for Speed" and "High Speed Rail"
- ✚ Apple TV!

* Unique range feature matches Wi-Fi signal timing from the OMNI-WiFi AP to any wireless streaming device.

👍 **Great Pricing** 👍 **Consistent, Reliable Signals** 👍 **Installation Support Available**
👍 **2-Year Warranty/Free Technical Support** 👍 **30-Day Money-back guarantee**
